

Finger Print Time & Attendance Recorder With Access Control

Features

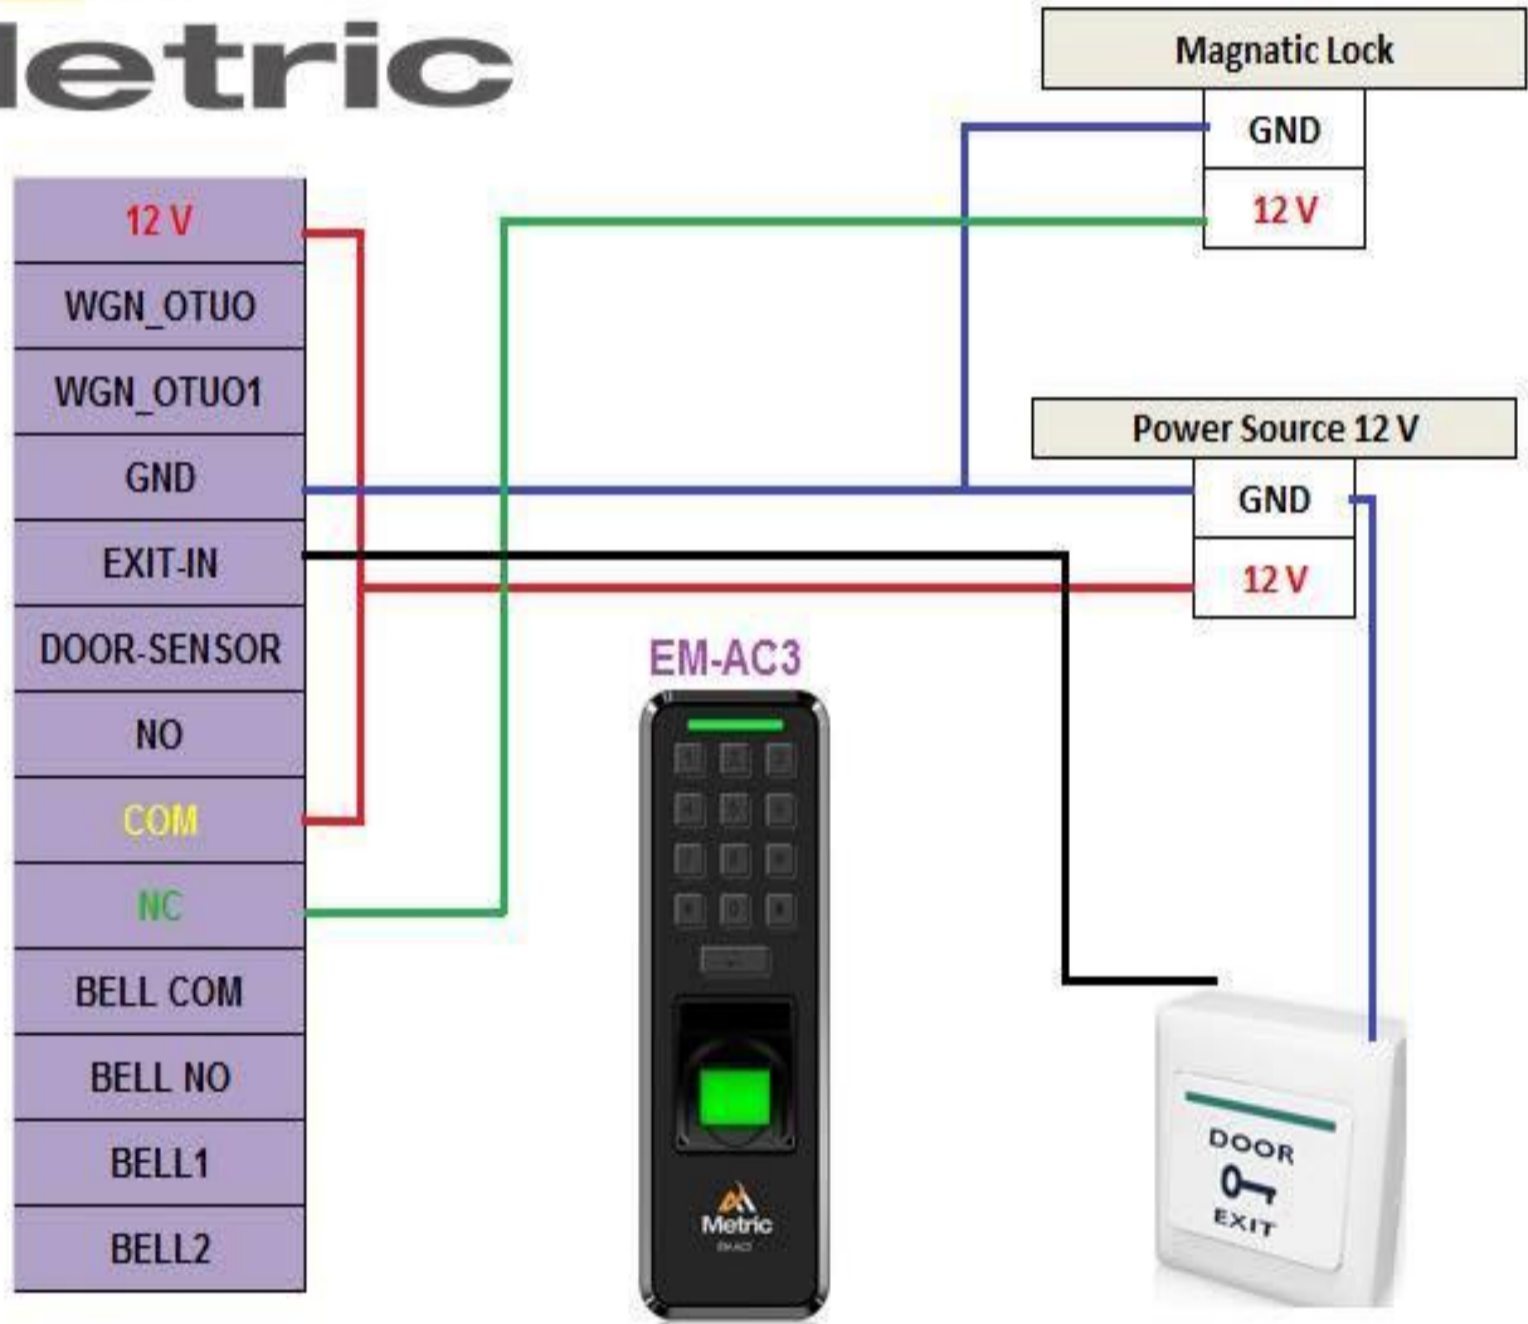

EM-AC3

Fingerprint Access control with
 USB Standalone Fingerprint Access Control (FP+CARD)
 1000 fingerprint +1000CARD+1000PIN capacity+100000LOG
 Capacity1000Employee.fp sensor(Green)
 Keyboard: 16 keys

Function	
CPU	32bit CPU (ARM9)
Photo taking	YES
Fingerprint Sensor	Optical Sensor (CEN931)
USB Disk	access control, controller, time zone
Keyboard	16 keys(have back light)
Communication interface	Standard with USB
Voice output	Yes
password	1000
Card capacity	1000
Fingerprint Sensor	1000
admin	8
Transaction	50000
digit	8
Identify mode	Fingerprint/card/password
Language	Arabic,English,Chinese,Spanish
Time & Attendance	Attendance status (Duty On/Off,Overtime....) time zone
Access Control	access control, controller, time zone
Job code	Yes
Power Management	Auto power off,Sleep
USB disk up/download	Yes
Attendance log search	User can search for his/her log data by means of identification
Real-time event	Send events to sever with UDP communication.
Engine Version	Smack Finger V3.0
FAR/ FRR	0.00001/0.01(%)
Operating Voltage	DC 9V ~DC 12V ± 5%

Humidity(RH)	20%-80%
Temperature	60 ~ -10
Matching speed	<0.1second (when enrolled 50000 fingerprints)
Allowable finger rotation	360° (all direction)
Intelligent adaptation functi	Supports
FP identification mode	1:IN
Identify speed	<1.5 Seconds
Matching mode	Supports 1:N
Dimensions	Height: (140 mm)& Width: (190 mm)& Depth: (90mm)
