

EM-E501

ACCESS CONTROL
Intelligent and fully networked access solutions

Finger Print Time & Attendance Recorder With Access Control

Features

- Arabic language and voice Fingerprint, time attendance devices
- 2.4" Color LCD, TCP/IP+ID CARD+ACCESS CONTROL+ USB
- 3000 FINGER: TCP/IP+ID+ACCESS CONTROL
- Capacity 1000 Employee.fp sensor (Green)+PSW
- Keyboard touch 16 keys

- Capacity** Fingerprint Capacity: 3,000 OR CARD Capacity 3000
- Display** 2.4" TFT LCD screen
- Communication** TCP/IP & 26-bit Wiegand Output USB Host
- Verification Fing** Fingerprint: 1:N up to 5000 templates, Verification time:

Function

CPU	32bit CPU (ARM9)
Fingerprint Sensor	Optical Sensor (CEN931)
USB Disk	Yes
LCD/LED	2.4" TFTLCD/1 (Red-Green dual color)
Keyboard	Tuch 16 keys (have back light)
Communication int	Standard with TCP/IP (10/100Mbps) & USB
Voice output	Yes
password	1000
Card capacity	1000
Fingerprint Sensor	1000
admin	8
Transaction	100000
digit	8
Identify mode	Fingerprint/card/password
Language	Arabic, English, Chinese, Spanish
Time & Attendance	Attendance status (Duty On/Off, Overtime....) time zone
Access Control	access control, controller, time zone
Job code	Yes
Power Management	Auto power off, Sleep
USB disk up/down	Yes
Attendance log search	User can search for his/her log data by means of identification

Real-time event	Send events to sever with UDP communication.
Engine Version	Smack Finger V3.0
FAR/ FRR	0.00001/.01(%)
Operating Voltage	DC 9V ~DC 12V ± 5%(current : below 0.7A)
Humidity(RH)	20%-80%
Temperature	60 ~ -10
Matching speed	<0.1second (when enrolled 50000 fingerprints)
Allowable finger ro	360° (all direction)
Intelligent adaptati	Supports
FP identification m	1:IN
Identify speed	<1.5 Seconds
Matching mode	Supports 1:N
Dimensions	Height: (140 mm)& Width: (190 mm)& Depth: (90mm)
